LEGISLATIVE WORKING GROUP

The Legislative Working Group includes representatives of various local SOA groups throughout the country, members of the National Grassroots Council, and the Legislative Coordinator staff person from the DC office. Together we make decisions by consensus about the overall legislative strategy of the movement, incorporating feedback and participation from the Council, as well as from the DC staff, who give us logistical and financial support. Through our monthly conference calls we give updates about our work across the country in various congressional districts. We are always open to new members, so contact us to get involved!

LOCAL GROUPS

Joining or starting your own local SOA Watch group is one of the best ways to get involved and spread the word about the issue. There are hundreds of local SOA Watch groups in all 50 states, so check out the website below or contact the DC office to see if there is one near you. If not, we have free resources to help you start up your own group and connect with SOA Watch supporters in your area.

SUPPORT OUR WORK

Please support the production of this resource and the work of the SOA Watch Legislative Campaign! SOA Watch accepts donations online through PayPal, as well as contributions by cash, check, or credit card. A tax-deductible donation of \$100 or more can be given by a check made payable to the "AJ Muste Institute." Please visit our website or contact the DC office to make a donation.
