

# April 23-25, 2006:

# BRING THE VIGIL TO WASHINGTON

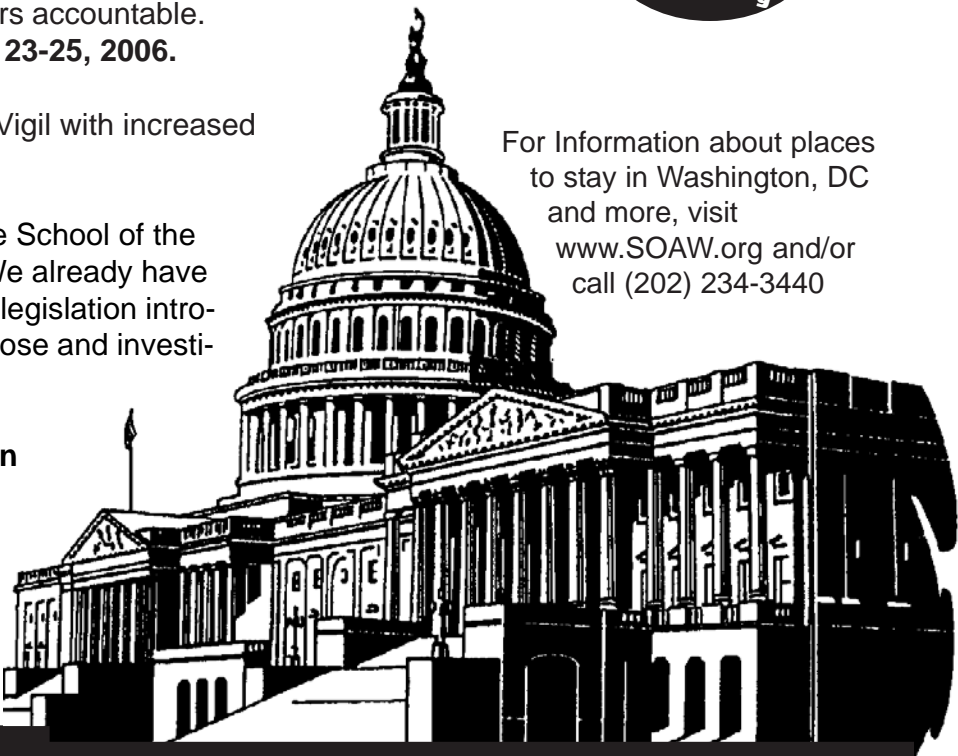

Hold your Representatives and Senators accountable.  
Come to Washington, DC from April 23-25, 2006.

We will build on the momentum of the Vigil with increased pressure on members of Congress.

As soon as early summer a vote on the School of the Americas will come up in Congress. We already have over 120 co-sponsors of HR 1217, the legislation introduced by Rep. McGovern that would close and investigate the SOA/WHINSEC.

We are now in our strongest position to close this school since we won a vote in the House of Representatives in 1999.
